- No noise unwinding.

Product shelf life and storage: 12 months, based on the product being stored at 23°C - 60% relative humidity out of direct sunlight. This information is gained from sample tests conducted on a material similar to that produced and purchased within the six months preceding the date of order's completion. These data therefore indicate a reference average value to the specifications established by Autoadesivi Magri. Appearance and technical features are subject to variations over time caused by ageing, anyway they do not affect the product's quality and functionality.
